

Law Enforcement Data Workshop

Join IPAD for its workshop on law enforcement data!

The workshop will focus on key law enforcement provisions in Minnesota law, featuring:

- Discussion of general legal requirements and the classification of data commonly maintained by law enforcement, including data on arrests, protected identities, and traffic accidents, as well as peace officer records of children.
- Guidance on recent updates to Minnesota laws on license plate readers and police body cameras
- Real-life problem solving scenarios based on actual inquiries to IPAD
- Question and answer sessions
